

# Complaints and Feedback Policy

## **POLICY PURPOSE AND SCOPE**

This Policy is about the way in which Springboard Support Coordination encourages and collects feedback from services users or other stakeholders and manages complaints about its services or activities.

*This policy applies to all staff, participants, stakeholders and the community.*

## **POLICY**

Complaints and Feedback is one of the elements in our Integrated Governance Model.

It is the policy of Springboard Support Coordination to create an environment where complaints and concerns, compliments and suggestions (feedback) are welcomed and viewed as an opportunity for acknowledgement and improvement. As a Participant exercises Choice and Control, and is encouraged to do so, we will ensure that individuals always feel they have the right to make comments and complaints and are encouraged to exercise their right.

The culture we create is one of “blame free” and resolution focused culture; respecting an individual’s right to privacy and confidentiality.

Please also refer to Whistle-blower Policy and Procedure\* for details on protecting those who make complaints about breaches of Code of Conduct.

It is acknowledged that such comments and complaints are vital to review internal performance and processes and to seek continuous improvement of services as we seek to achieve our care commitment. Participants, families, and/or other stakeholders may submit compliment, complaint and/or feedback form about Springboard Support Coordination supports or services, staff, and/or contractors.

It is our policy to follow the principles of procedural fairness and natural justice and comply with the requirements under the National Disability Insurance Scheme (Complaints Management and Resolution) Rules 2018.

### **Appealing the Outcome of the Complaint**

Clients or their advocates may lodge an appeal if they disagree with a decision made by the organisation, or by a staff member. An appeal should be made in writing on the internet, via email or in person.

### **Procedure for appeals management**

Any staff member may be a recipient of a complaint, and is responsible for:

#### **Receiving the complaint**

Listening to the complainant, acknowledging the concern raised, and explaining the next steps to the complainant.

Depending on the type and severity of the complaint, either discussing with the complainant an agreed upon resolution (for smaller matters) or referring the complaint on to Directors (or their delegate) for further investigation and action.

The Directors (or their delegate) will be responsible for:

**Processing the appeal which includes:**

- registering the appeal in the Complaints Register as an appeal.
- informing the complainant that their complaint has been received and providing them with information about the process and time frame.

At this point the Directors (or their delegate) will ask the person making the Complaint what their desired outcome would be.

If the Directors (or their delegate) feels this outcome cannot be met, the person making the complaint will be given External complaint mechanisms.
